# WELCOME

UKLC is a leading provider of language programmes in the UK for students aged 8-17. Our mission is to educate, inspire and enrich the lives of young people from all over the world through English Language, Sports, and British Culture.

We pride ourselves on our strong relationships with partner agencies. We understand that agents need high-quality partners in the UK in order to satisfy their own clients, who will generate word-of-mouth marketing when they return home. Our relationship is built on trust. We work with you and your group leaders to ensure that the safety of your students is the priority throughout all of our centres.

We understand that the success of our business is inseparable from the success of the agents we work with. We will work with you to create attractive marketing material to sell our courses. We help with the details of getting groups to our schools; supporting you during the visa application process and finding the most cost-effective transfers from each airport.

*During the Covid pandemic we have all missed going on journeys. We have missed the excitement of visiting somewhere new and making new discoveries. However, we have been on a different kind of journey, one that taught us about what matters in life; people and connection.*

*We have stayed connected to our agents through our regular webinars and to our centres through presentations updating them on our market. We got everyone involved in our July 2021 Challenge where we raised money for the English UK Eddie Byers fund by travelling over 800km by foot and bike! These moments of connection have helped to keep us strong through the pandemic and focused on an exciting new future.*

*At UKLC we have been able to keep our wonderful team together, to protect the knowledge and experience that makes us so good at what we do (voted by you as finalist for Study Travel Awards "Junior Course for Under 18s" twice in 3 years). We are a stable and secure choice for 2022 and beyond.*

*As the UK opens to travel again and your students return, we continue to offer high quality programmes that enrich and inspire them to learn English, with new added content on resilience, well-being and diversity.*

*For you, our agents, we continue to serve and offer support in every way possible as we all embark on the journey of recovery. Together we will work hard to revive the market so that we all can thrive once more.*

## Badminton School - Residence

Bristol is one of Britain's favourite cities. It has a proud maritime history and it is from here that many of England's great explorers set off to travel the world. Now a thriving cultural centre and the country's 11th biggest city, in 2017 Bristol topped the Sunday Times rankings of best places to live in Britain and was listed 4th in the Rough Guides' top ten cities to visit worldwide.

Badminton School itself is set in stunning walled grounds in Westbury-on-Trym, on the outskirts of Bristol. It is a beautiful mixture of old and new buildings surrounded by glorious gardens. The accommodation has bright and airy bedrooms and comfortable common rooms - many of them with fantastic views over Bristol.

## University of Chester - Residence

Chester is a new university (2005) but it has a history dating back to 1939. The eclectic mix of modern and historical buildings combine to create an attractive campus, set in a city that was founded as a Roman fort 2000 years ago and is now becoming a must-see European destination.

The campus itself is just a short walk away from the vibrant city centre with its mix of cafes, shops and ancient walls, rows, amphitheatre, historic architecture and archaeological features.

As a residential option, the University of Chester gives students a real taste of university life by immersing them in a modern, exciting university setting. The accommodation, canteen and classrooms are all contained on our two beautiful campuses within a 10 minute walk of the city centre.

# Academic Tuition

We know how important it is for each individual student to find their own path in language learning. We use a wide range of methods to engage and stimulate our students. This is why we have created a curriculum based on the students' age, level and needs, structured into three different programmes:

- **FUN (Ages 8-11):** Highly engaging lessons that offer a wide range of material and activities specific for our young learners. It makes games into lessons and lessons into games.
- **CONNECTION (Ages 11-14):** Very dynamic lessons that include a variety of topics and media, especially designed to reflect the quick-paced interactive world our younger students are growing up in. Available in levels A1-C1.
- **ACTION (Ages 14-17):** Lessons specifically designed to engage our older students through more abstract tasks, topics and contemporary issues. Available in levels A1-C1.

The CONNECTION and ACTION programmes consist of three different lessons a day:

1. **TBL (Task-Based Learning):** During these lessons students are encouraged to complete a task. Language is therefore acquired through the task as it emerges naturally as the result of the students' communicative needs.
2. **S&S (Skills and Systems):** These lessons aim at empowering our students' linguistic awareness and capabilities by working on all language skills (reading, writing, listening, speaking) and systems (grammar, phonology, lexis, discourse), as well as using materials relevant to exam preparation (KET, PET, FCE, CAE, TOEFL, IELTS, GESE).
3. **CLIL (Content and Language Integrated Learning):** These lessons merge CLIL and British Culture. Students learn about art, literature, and science, or about the history and the geography of the UK, while activating their linguistic knowledge.

*"We now have UKLC Team who does everything on the level of quality we always look for!"*

**Agent, Multiple Centres 2019**

## Placement Tests

We offer classes at four levels from Elementary to Upper Intermediate. Students take a placement test on their first day of classes to ensure they are placed at the correct level. We also offer a specific test for students with special needs.

## Examinations

We offer the option of taking the Trinity College London Graded Examination in Spoken English (GESE) on site for courses of 10 days or longer.\*

Students are taught in class sizes up to 16.

\*Minimum of 10 students across all groups required to source an examiner.

# Welfare

As specialists in programmes for young people aged 8-17, the safeguarding of children is fundamental to the way UKLC views and ensures the well-being of its students.

We are recognised for our strengths in this area having developed robust systems and processes for managing the welfare of children in our centres.

# New for 2022

Whilst the physical welfare and safety of our students has always been important, we believe that we need to focus on their mental welfare too. In recent years there has been a greater awareness of mental health in young people. An experience away from home, especially in current global climate, is an opportunity to strengthen that.

Along with sessions on General Safety and e-Safety, this year we have introduced a new session for every student. We will dedicate lesson time to **“Resilience and Well-being”**. It will help students to process the ever-changing world around them and with their ability to adapt to it. We will also offer them ideas and tools to manage their own well-being.

*“I never felt alone and it is important especially when you travel with students on your own.”*

**Group Leader, 2017**

## Steps we take to ensure the welfare of students;

- Our “Operations and Safeguarding Handbook” is distributed to all staff. It is available to agents in the Agent Login Area on the website
- All staff undergo appropriate background and safeguarding checks
