WELCOME

UKLC is a leading provider of language programmes in the UK for students aged 8-17. Our mission is to educate, inspire and enrich the lives of young people from all over the world through English Language, Sports, and British Culture.

We pride ourselves on our strong relationships with partner agencies. We understand that agents need high-quality partners in the UK in order to satisfy their own clients, who will generate word-of-mouth marketing when they return home. Our relationship is built on trust. We work with you and your group leaders to ensure that the safety of your students is the priority throughout all of our centres.

We understand that the success of our business is inseparable from the success of the agents we work with. We will work with you to create attractive marketing material to sell our courses. We help with the details of getting groups to our schools; supporting you during the visa application process and finding the most cost-effective transfers from each airport.

During the Covid pandemic we have all missed going on journeys. We have missed the excitement of visiting somewhere new and making new discoveries. However, we have been on a different kind of journey, one that taught us about what matters in life; people and connection.

We have stayed connected to our agents through our regular webinars and to our centres through presentations updating them on our market. We got everyone involved in our July 2021 Challenge where we raised money for the English UK Eddie Byers fund by travelling over 800km by foot and bike! These moments of connection have helped to keep us strong through the pandemic and focused on an exciting new future.

At UKLC we have been able to keep our wonderful team together, to protect the knowledge and experience that makes us so good at what we do (voted by you as finalist for Study Travel Awards "Junior Course for Under 18s" twice in 3 years). We are a stable and secure choice for 2022 and beyond.

As the UK opens to travel again and your students return, we continue to offer high quality programmes that enrich and inspire them to learn English, with new added content on resilience, well-being and diversity.

For you, our agents, we continue to serve and offer support in every way possible as we all embark on the journey of recovery. Together we will work hard to revive the market so that we all can thrive once more.

Available Programmes***

English Plus Multi-Activity

The “typical” summer programme consisting of a wide variety of activities and sports. Sessions are structured and are coached by specialist staff. Sessions can include tennis, basketball, volleyball, swimming, photography workshops, dance, football, drama etc. Students take part in two or three activities on rotation in each session.

English Plus Dance

For students with a passion for dance. Sessions are led by a specialist dance teacher and the programme works towards an end-of-course performance. Sessions begin with a warm up before the introduction of new steps and techniques needed to create a dance routine. The second part of the sessions allows students to practise what they have learnt and rehearse routines for the final performance. Styles can include street dance, modern jazz, contemporary and West End musical.

English Plus Drama

For students with an interest in drama and a desire to improve their English through confidence-building performances. At the end of the course they will perform part of a well-known play or something they have written themselves.

English Plus Football

For students who love football and want to play it every waking minute! Coaching sessions are led by qualified staff and aim to improve each student's technical skills and abilities. Students will also build on their understanding of match tactics and playing systems. There are regular small-sided matches and a weekly competition.

English Plus Intensive English

This programme consists of additional English lessons for those who really want to maximise their language learning during their stay in the UK. Students will build on the knowledge acquired in their curricular lessons through extra classes taught according to age and level. The content of these lessons will be an enhancement of the curricular programme as outlined in the accompanying Academic Summary (see section on "Academic Tuition").

English Plus Life Skills (PCTO formerly ASL)

Bristol is one of Britain's favourite cities. It has a proud maritime history and it is from here that many of England's great explorers set off to travel the world. Now a thriving cultural centre and the country's 11th biggest city, in 2017 Bristol topped the Sunday Times rankings of best places to live in Britain and was listed 4th in the Rough Guides' top ten cities to visit worldwide.

Badminton School itself is set in stunning walled grounds in Westbury-on-Trym on the outskirts of Bristol. It is a beautiful mixture of old and new buildings surrounded by glorious gardens. The accommodation has bright and airy bedrooms and comfortable common rooms - many of them with fantastic views over Bristol.

Chichester University of Chichester

One of the best-preserved Georgian cities in the UK, Chichester is the affluent county town of West Sussex. With a cathedral dating back to the 11th century and some of the oldest buildings in Britain, Chichester has a rich history to explore. The city centre is pedestrianised and surrounded by the ancient city walls which helps keep it safe and secure for visiting students.

The university itself dates back to 1839. The campus on College Lane is set in spacious surroundings which include historic buildings and modern facilities. It is just a ten-minute walk from Chichester city centre.

Reading Queen Anne's School

Reading is a large town in the Royal County of Berkshire. It has been important since medieval times, and the ruins of Reading Abbey, a monastery with strong royal connections, can still be visited. The town itself straddles the River Thames and benefits greatly from tourism due to its close proximity to the capital city and its vibrant atmosphere.

Queen Anne's School has a history which dates back to 1698. It is situated in a lovely closed campus with 35 acres of extensive landscaped grounds just north of the River Thames. The grounds combine traditional Victorian architecture with new and contemporary buildings to provide cutting-edge facilities, all of which are just a one-mile walk from the centre of Reading.

St Peter's School is a historic and traditional English private school in the centre of York. It has extensive grounds which run down to the River Ouse and boasts fantastic sports facilities. Founded by St Paulinus of York in AD 627, it is the third oldest school in the whole of the UK!

York is one of the most popular cities in the UK. It is famed for its incredible history and receives 7 million tourists per year! It has been important for at least 2,000 years - as a Roman, Viking and Medieval Anglo Saxon city - and that's one of the reasons why the Tour de France started here in 2014. You can still see yellow bikes on display across the city!

"Teachers who came back from your schools are sooooo happy so they want your schools again for the next year!"

Academic Tuition

We know how important it is for each individual student to find their own path in language learning. We use a wide range of methods to engage and stimulate our students. This is why we have created a curriculum based on the students' age, level and needs, structured into three different programmes:

- **FUN (Ages 8-11):** Highly engaging lessons that offer a wide range of material and activities specific for our young learners. It makes games into lessons and lessons into games.
- **CONNECTION (Ages 11-14):** Very dynamic lessons that include a variety of topics and media, especially designed to reflect the quick-paced interactive world our younger students are growing up in. Available in levels A1-C1.
- **ACTION (Ages 14-17):** Lessons specifically designed to engage our older students through more abstract tasks, topics and contemporary issues. Available in levels A1-C1.

The CONNECTION and ACTION programmes consist of three different lessons a day:

1. **TBL (Task-Based Learning):** During these lessons students are encouraged to complete a task. Language is therefore acquired through the task as it emerges naturally as the result of the students' communicative needs.
2. **S&S (Skills and Systems):** These lessons aim at empowering our students' linguistic awareness and capabilities by working on all language skills (reading, writing, listening, speaking) and systems (grammar, phonology, lexis, discourse), as well as using materials relevant to exam preparation (KET, PET, FCE, CAE, TOEFL, IELTS, GESE).
3. **CLIL (Content and Language Integrated Learning):** These lessons merge CLIL and British Culture. Students learn about art, literature, and science, or about the history and the geography of the UK, while activating their linguistic knowledge.

"We have now found a team in UKLC who does everything at the level of quality we always look for!"

Welfare

As specialists in programmes for young people aged 8-17, the safeguarding of children is fundamental to the way UKLC views and ensures the well-being of its students.

We are recognised for our strengths in this area having developed robust systems and processes for managing the welfare of children in our centres.

New for 2022

Whilst the physical welfare and safety of our students has always been important, we believe that we need to focus on their mental welfare too. In recent years there has been a greater awareness of mental health in young people. An experience away from home, especially in current global climate, is an opportunity to strengthen that.

Along with sessions on General Safety and e-Safety, this year we have introduced a new session for every student. We will dedicate lesson time to **“Resilience and Well-being”**. It will help students to process the ever-changing world around them and with their ability to adapt to it. We will also offer them ideas and tools to manage their own well-being.

“I never felt alone and it is important especially when you travel with students on your own.”

Group Leader, Manchester 2017

Steps we take to ensure the welfare of students;

- Our “Operations and Safeguarding Handbook” is distributed to all staff. It is available to agents in the Agent Login Area on the website
- All staff undergo appropriate background and safeguarding checks
- A dedicated Safeguarding and Welfare Coordinator at every site
- All students are given an induction lesson highlighting the rules for that centre
- All group leaders attend an induction meeting when they arrive which details their responsibilities towards their group but also as an adult at a residential centre
- We work with group leaders to ensure their students have a safe and enjoyable stay, taking full responsibility for students when they are in lessons and on scheduled activities
- We assist group leaders to ensure students’ safety and care outside of scheduled activities and during excursions
- UKLC staff are available 24 hours a day for any issue that may arise
- There is a 24-hour emergency number for partner agents, parents and students
- All students get a UKLC wristband and lanyard to be worn at all times
- Individuals are allocated to a member of UKLC staff who will act as their group leader and point of reference at all times

More detailed information about each of our policies and procedures with regards to safeguarding is available on our website Agent Login Area and our downloadable handbooks.
