2024

The best thing about any study holiday is the friendships that are created. We are celebrating all the friendships that we cherish; the students from all over the world who make friends and create lifelong memories, the UKLC teams who make friends as they work hard to deliver the best programmes they can, and the loyal partners and agents who have worked with us for so many years and offer their continued support and friendship. This year we are looking forward to renewing existing friendships and to many more new friendships being made here at UKLC.

“

The most enjoyable thing about working for UKLC has been seeing the students having a nice time and leaving happy. The highlight was that every day we were making a difference in a young person's life, no matter how small, they were enjoying what they were doing, and our team were the ones who were delivering that!

English Lessons

We know how important it is for each individual student to find their own path in language learning. We use a wide range of methods to engage and stimulate our students. This is why we have created a curriculum based on the students' age, level and needs, structured into three different programmes:

Fun (ages 8-11)

Engaging lessons that offer a wide range of material and activities specific for our young learners. It makes games into lessons and lessons into games.

Connection (ages 11-14)

Dynamic lessons that include a variety of topics and media, especially designed to reflect the quick-paced interactive world our younger students are growing up in. Available in levels A1-C1.

Action (ages 14-17)

Lessons specifically designed to engage our older students through more suitable tasks, topics and contemporary issues. Available in levels A1-C1.

The Connection and Action programmes consist of three different lessons a day:

TBL (Task-Based Learning)
During these lessons students are encouraged to complete a task. New language is acquired and skills developed through the task as the students speak and work together.

S&S (Skills and Systems)
These lessons aim to empower our students' linguistic awareness and capabilities by working on all language skills (reading, writing, listening, speaking) and systems (grammar, phonology, lexis, discourse), as well as using materials relevant to exam preparation (KET, PET, FCE, CAE, TOEFL, IELTS, GESE).

CLIL (Content and Language Integrated Learning)
These lessons merge CLIL and British Culture. Students learn about art, literature, and science, or about the history and the geography of the UK, while activating their linguistic knowledge.

Placement Tests

We offer classes at all levels from Elementary to Advanced. Students take a placement test prior to arrival to ensure they are placed at the correct level.* We also offer a specific test for students with special needs.

Examinations

We offer the option of taking the Trinity College London Graded Examination in Spoken English (GESE) on site for courses of 10 days or longer.**

Year-round Programmes

We can offer alternative, bespoke English language lessons for our ministay groups. We can deliver a range of English for Specific Purposes courses on request so please contact the team to discuss your group's requirements.

Sample Academic Programme

	09.00-10.00	10.00-10.15	10.15-11.15	11.15-11.30	11.30-12.30

Wed	CLIL British Culture	Break	Skills & Systems	Break	Task-Based Learning
Thur	Skills & Systems		Task-Based Learning		CLIL British Culture
Fri	Task-Based Learning		Skills & Systems		CLIL British Culture

Please note that the times are approximate and may vary across our centre. The exact timings will be confirmed on arrival to centre.
We run a zigzag programme in some centres so lessons may also take place in the afternoons. This will be confirmed on your final programme which you will receive prior to arrival.
Students who are on the Fun academic programme do a different structure of lessons designed especially for younger learners. Students are taught in class sizes up to 16.

*Due to the variability of students' test results, a single class may occasionally include students of slightly different levels.
**Minimum of 10 students across all groups required to source an examiner.

Welfare

As specialists in programmes for young people aged 8-17, the safeguarding of children is fundamental to the way UKLC views and ensures the well-being of its students. We have developed robust systems and processes for managing the welfare of children in our centres.

Steps we take to ensure the welfare of students;

- All staff undergo appropriate background and safeguarding checks.
- A dedicated Safeguarding and Welfare Coordinator at every site during the summer. For year-round groups our Ministay Coordinators manage safeguarding and welfare support.
- All students are given an induction lesson highlighting the rules for their centre and all group leaders attend an induction meeting when they arrive which details their responsibilities.
- We work with group leaders to ensure their students have a safe and enjoyable stay, taking full responsibility for students when they are in lessons and on scheduled activities. We assist group leaders to ensure students' safety and care outside of scheduled activities and during excursions.
- UKLC staff are available 24 hours a day for any issue that may arise and there is a 24-hour emergency number for partners, parents and students.
- All students get a UKLC wristband and lanyard to be worn at all times.
- Individuals are allocated to a member of UKLC staff who will act as their group leader and point of reference at all times (summer only).
- Our Operations and Safeguarding Handbook is distributed to all staff and is available to download on the website. Policies and procedures for welfare and safeguarding are available on our website and in our downloadable handbooks.

Student Resilience and Wellbeing

Whilst the physical welfare and safety of our students has always been important, we believe that we need to focus on their mental welfare too. In recent years there has been a greater awareness of mental health in young people. An experience away from home, especially in current global climate, is an opportunity to strengthen that.

Along with sessions on General Safety and e-Safety, we have introduced a new session for every student. We dedicate lesson time to "Resilience and Well-being". It will help students to process the ever-changing world around them and their ability to adapt to it. We also offer them ideas and tools to manage their own well-being.

Summer Schools

UKLC summer schools provide students with an unforgettable experience here in the UK. In London students get to experience the capital city with daily excursions as part of the London Explorer Programme. At our other centres the English Plus Programme enables students to tailor make their learning journey.

“

I have made friends from around the world and I hope that we will stay in touch forever. I have learned about England and also other countries and different people.

Evening Activities

In the evenings our Activity Teams deliver fun and engaging activities for students to practise their English and make new friends. Evening activities are included on our summer programmes and can be added into year-round programmes on request.

Activities can include:

Oscars Night

Students watch a number of scenes from selected films and re-enact the famous scenes. Creating their own script in English and costumes. Scenes are then shown on a big screen for everyone to enjoy and awards are given for the best reproduction.

Red vs Blue

An activity with a competitive edge! Students are split into two even teams; red and blue. They battle through a number of fun challenges, activities and party games to be crowned the champions.

Lip Sync Battle

As seen on TV, lip sync battles are fun and a great way to get the students involved. Two students will lip sing to the same song, at the same time to win over the audience and gain their vote. An expressive and engaging activity.

Talent Show

Gives students the opportunity to perform talents such as singing, dancing and acting in front of the rest of the centre. Judges score the performances and give positive feedback to each student who performs on the evening.

'Trashion' Show

Fashion with a recycled edge! Students are given a random selection of items to create new outfits and designs. Complete with a catwalk and judges.

Disco

Students get to socialise and dance to new and classic music played by the DJ at the disco.

Conversation Clubs

For older students or those who want to focus on developing their language skills they can join a conversation club and discuss interesting topics and issues whilst getting to know other students.

This is an example of evening activities provided at our centres. Students are provided with their evening activity programme on their first day.

Residential students do a full programme of evening activities. Homestay students spend their evenings with their hosts and do two evening activities per week at the centre.

Queen Anne's School

The Centre
Queen Anne's School has a history which dates back to 1698. It is situated in a closed campus with 35 acres of extensive landscaped grounds, just north of the River Thames. The grounds combine traditional Victorian architecture with new and contemporary buildings to provide cutting-edge facilities, all of which are just a one and a half mile walk from the centre of Reading.

The Location
Reading is a large town in the Royal County of Berkshire. It has been important since medieval times, and the ruins of Reading Abbey, a monastery with strong royal connections, can still be visited. The town itself straddles the River Thames and benefits greatly from tourism due to its close proximity to the capital city.
