Testimonials of Former Full Time Teachers

My UKLC Summer as a Full-Time teacher and Teacher and Activity leader.

This was my second UKLC summer, so I was experienced and ready for the challenge, the exciting experience of teaching international students with a great team in a number of settings inside and out of London.

The best bit about working for UKLC is that they genuinely care about the student experience and getting the best experience and language development they can with teaching, excursions and activities being student focused. One example would be the new journals that are designed for each site packed with information, links between classes and excursions and much more which allow the students to keep a great record of learning to refer back to all in one place. Students really develop and grow as language students at UKLC which enriches their lives.

I'm teaching abroad now for 9-12 months however I have enjoyed all the teaching opportunities through summer school, boarding camps and mini stays at UKLC since April 2022 as an ESL teacher. It has been a really developmental and fun experience.

Jamila, Summer 2023

I'm Mila and last summer I had an incredible opportunity to work in different UKLC centres: Newbattle Abbey College, Edinburgh, University of Chester, University of Chichester, King's College, London, Queen Mary University of London and others.

I was proud of my students from different countries who had an amazing opportunity to increase their multicultural awareness, develop their leadership and public speaking skills and learn to work in a diverse environment.

I widely used group projects and in-class activities which promote better communication between children who learned to foster intercultural friendships. I was happy to see my students' sparkling eyes, I was inspired by the incredible atmosphere and so proud to be a part of the amazing UKLC team!
