The Centre

Wycombe Abbey is a world renowned boarding school in Buckinghamshire, situated in High Wycombe and is running its summer programme in collaboration with UKLC.

The School was founded in 1896 and now boasts a wide collection of facilities within 170 acres of grounds, including tennis courts, a swimming pool, sports pitches, performing arts centre and a gym. The campus includes woods, gardens, and a lake, and rises up to 150 metres above sea level in the Chiltern Hills. The buildings across the site are a mixture of old and new architectural styles and include Grade 2 listed buildings, giving this centre a real traditional English boarding school feel.

Location

Wycombe Abbey, Frances Dove Way, High Wycombe, Buckinghamshire HP11 1PE

[How To Find Us - Wycombe Abbey](#)

The School is a short walk to High Wycombe with attractions and amenities including:

- Eden Shopping centre (0.5 miles, 12-minute walk)
- Wycombe Museum (0.4 miles, 10-minute walk)

High Wycombe is a thriving market town with a population of 83,523 and is situated northwest of London. The town has a long and colourful history, appearing in the Domesday Book and known to have been inhabited by the Romans. The town centre presents some beautiful Georgian architecture, including the Little Market House (or Pepper Pot, as it's often referred to), and the stunning Guildhall.

History and heritage buffs should also visit the National Trust's West Wycombe Park, an elegant country house set in 45 acres of landscaped beauty, boasting unrivalled views of the Chilterns. Also, Hughenden Manor is a Victorian mansion, with earlier origins, that served as the country house of the Prime Minister, Benjamin Disraeli, 1st Earl of Beaconsfield. It is now owned by the National Trust and open to the public.

High Wycombe is well located being just a 23 min train ride from Marylebone Station in London and 23 miles southeast of Oxford, home of one of the world's top research universities.

Technology

Wi-fi is available campus wide and is password protected. We normally only give this password out to Group Leaders / staff. Being a private boarding school, internet access is firewalled as per the boarding school regulations. It is at the Group Leader's discretion whether they give these details to their students.

Security

Emergency contacts

Each student will be given a wristband upon arrival. This will have the following emergency telephone number printed on it: 0044 1244 567695. If you need to contact the centre in the event of an emergency, please call this number and follow the options for the relevant centre, this will then put you through to the person on duty.

Certain basic guidelines are common to all centres and students. Students should:

- never walk away alone;
- never leave the residence without permission in the evening;
- always make sure they have understood when and where the meeting point is whilst out on excursions;
- always wear their identification lanyard and their UKLC wristband. Students found not wearing their lanyard or wristband will be fined £1.

Safety

- Remember that there is a 24-hour emergency telephone number on the wristband (**0044 1244 567695**) and that the number for the emergency services (Ambulance/Police/Fire) in England is **999**, or the single emergency number for the EU including the UK is **112**, or you can call **101** to report a crime where you do not need an emergency response.
- The police are there to help and protect and can be asked for assistance.
- Never respond to someone if you feel threatened, simply walk away.
- Always give your money to the UKLC management team to put in the safe and never carry large amounts of cash around.
- Be careful crossing the road. Remember that in the UK we drive on the left.

- If you are ill or need a doctor, tell a member of the UKLC team immediately.
- Keep all windows closed when not in your bedrooms.

Insurance and valuables

Although residences will be accessed via key or swipe cards, it is suggested that students try to avoid bringing very expensive items with them. If they are bringing valuables with them, it is essential that they have sufficient insurance to cover any loss or damage as neither the centre, nor the company can be held responsible if anything goes missing. The Centre Manager will have access to a safe if it is required.

Teaching

Attending a summer school in England gives participants the perfect opportunity to immerse themselves in British culture through the use of the English language while engaging with other students from across the world.

All of our students receive **four hours** of lessons every morning. These are delivered through our effective teaching, which draws from a variety of state-of-the-art methodologies in language learning. Each lesson aims at inspiring our students through the use of engaging topics and tasks that they are able to discuss, debate and present as they work creatively and collaboratively. Every morning students will receive four different lessons:

1. **British Culture:** During these lessons, students will learn about contemporary themes in British culture and politics. They will delve into British history, geography and literature and will enhance their critical and presentation skills. This part of the lesson will be brought to life during the London full day trip.
2. **English for Academic Purposes / Examinations:** These lessons aim at empowering students' linguistic awareness and capabilities to better understand and produce different texts (e.g. reports, essays, scientific articles). By working on all language skills, accuracy, vocabulary and pronunciation, students will increase their chances of being successful when taking an English examination (PET, FCE, CAE, CPE, TOEFL, IELTS, GESE). This part of the lesson ties in with the visits to Oxford and Cambridge's renowned universities.
3. **Projects and Creations:** During these lessons, students are encouraged to complete a project. Language emerges naturally as the result of the student's communicative needs. All projects are focused on global topics and students will have the chance to work creatively and collaboratively towards a shared end.
4. **21st Century Skills:** These lessons specifically are tailored to provide participants with the 21st century skills they need in order to become the global leaders of tomorrow. During the first week (A Future For All)

students engage with themes like sustainability and global issues. In the second week (There's No Business Like Showbusiness) students learn effective and engaging communication strategies through performing theory and techniques (voice projection, presentation skills, audience engagement). The latter theme is further explored during the students' visit to the West End/or Shakespeare's Globe.

The syllabus is brought to life by our professional and highly experienced teachers, who create an energetic and unforgettable classroom experience supported by a range of teaching techniques and creative materials that engage and cater for students' individual learning journeys. This is further supported by the afternoon electives, which create a holistic learning approach that supports the overall progression of each student.

Learning Outcomes

- Increase confidence in spoken English;
- Enhance creative and collaborative skillset;
- Practice presentation design, delivery, and debating skills;
- Build and broaden English vocabulary;
- Boost understanding of different texts and media;
- Improve English skills and systems - from lexis and pronunciation to reading and writing;
- Develop power skills (soft skills) to succeed in the modern world.

Electives

All of our students receive **two hours** of electives every afternoon. They will be able to choose one out of the four electives offered, for the duration of their two week stay:

1. Leadership and Sustainability

Embark on a transformative journey, delving into essential leadership skills while exploring the principles of sustainability. Providing a comprehensive insight into different leadership styles, emphasising the application of fostering sustainable practices, and inspiring creative thinking. Students will learn the most important skills needed to succeed in the modern world of business and work. We value these skills very highly and strongly believe that honing these practical and creative skills will give students the tools they need to become the ethical living leaders of tomorrow.

The Leadership and Sustainability elective grants students the perfect opportunity to explore a wide range of interesting topics and is perfect for those who dream of making a difference in the world. This elective will change

the way students perceive the world around them, challenging them to think outside of the box as they hone their creative and innovative skillset to inspire and lead those around them.

Drawing from real-life examples of inspirational leaders throughout history, students will understand what made them great leaders and how they managed to leave their footprint on society. Students will transform this understanding into practical skills through research, debates, interactive discussions, presentations, and interviews. The module also allows students to delve into the critical aspects of sustainability, covering environmental, social, and economic dimensions. Students will engage with sustainability frameworks and explore global challenges and solutions by examining success stories in creating viable and sustainable alternatives in different industries.

Students will develop critical skills in creative thinking, problem solving, research and analysis, presenting important information, and managing a team, enabling them to enhance their spoken English while honing leadership abilities and preparing them for future roles as responsible and influential leaders.

Learning Outcomes

- Increase confidence in spoken English;
- Enhance creative and collaborative skillset;
- Practice presentation design, delivery, and debating skills;
- Build and broaden English vocabulary;
- Improve ability to lead and manage a team;
- Boost knowledge of business and management techniques;
- Deepen understanding of the world around you.

2. Digital and Beyond

Becoming digitally literate has never been more important than it is today; it is shaping the world we live in, as well as our future. Through a dynamic exploration of digital tools, technological trends, presentation design and visual media, this elective allows students to immerse themselves in the cutting-edge world of technology.

This module will focus on design methodology, developing, designing and costing a presentation, and the fundamentals of photography and visual editing.

Students will gain a deeper understanding of the principles of design, and how to bring these to life through the use of technology. From the basics of UX and UI design to creating a powerful presentation to launch a new

product, students will develop their creative and collaborative skills while enhancing their ability to use technology as a tool to improve our lives.

Perfect for students who are interested in digital technology, visual design or computer science, this elective will enable students to develop essential skills that can be used in the future.

By exploring emerging technologies, students will gain insights into how they shape our world, fostering a deep understanding of the digital advancements that drive innovation across industries and the many ways that technology can achieve this.

With a focus on practical application, students will apply their newfound digital skills in real-life scenarios. Through project-based learning, presentations and collaborative activities, this elective promises a holistic and immersive experience, preparing students for a tech-driven future.

Learning Outcomes

- Increase confidence in spoken English;
- Enhance creative and collaborative skillset;
- Practice presentation design, delivery, and debating skills;
- Build and broaden English vocabulary;
- Improve digital literacy and learn 21st century skills;
- Boost design skills.

3. Performing Arts

Embark on a captivating journey through the realms of creativity and expression with our Performing Arts elective. This module offers a unique fusion of language development and artistic exploration through acting, dance, singing, musical performances, choreography, and staging. Perfect for anyone interested in drama, dance, singing or expressing themselves creatively, this course will build students' confidence as well as their ability to express themselves in English.

Creativity comes in many forms and encouraging students to showcase their passion and express themselves in different ways, is something that we strongly believe in promoting. With the state-of-the-art theatre available at Wycombe Abbey, we have the perfect modern facilities to allow students to go through the creative process before bringing their production to life.

Students will explore a wide range of creative mediums and will be supported by our highly experienced teachers. From writing, staging, and performing a play or a musical, to choreographing and performing a dance routine, this elective covers a range of essential skills. Exploring different techniques of acting, improvisation, voice projection and control, movement on stage, staging, as well as writing and producing a show.

Learning Outcomes

- Increase confidence in communicating in English;
- Enhance creative and collaborative skillset;
- Build skillset in creative writing and production;
- Develop acting, dance, and singing techniques;
- Boost ability to engage with an audience.

4. Sports, Health and Wellbeing

This transformative course integrates language development with the essential principles of physical health, mental wellbeing, and the importance of adopting an active lifestyle. Students will dive into foundational aspects of fitness, exploring various exercises, sports, and the significance of maintaining an active lifestyle. Looking at vocabulary related to health and fitness, and understanding the science behind nutrition and exercise, students will enhance their spoken English while learning the fundamentals of constructing a healthy lifestyle.

The elective course extends its focus beyond physical health to encompass mental wellbeing. Students will delve into mindfulness techniques, stress management, and the correlation between physical activity and mental health. Engaging in discussions and presenting information, students will learn a wealth of skills that go beyond everyday English.

Outside of the classroom, students will benefit from the modern facilities available at Wycombe Abbey as they engage in different sports and activities. From swimming and volleyball to football and hockey, students will explore different sports and physical activities, working together as a team and immersing themselves in an active lifestyle.

The sports, health and wellbeing elective ensures that students will not only improve their language skills but also cultivate a foundation for a healthier and more balanced lifestyle.

Learning Outcomes

- Increase confidence in spoken English;
- Deepen understanding of the science behind health, nutrition, and fitness;
- Enhance knowledge of how to maintain an active lifestyle;
- Engage in a variety of physical sports and exercises;
- Improve collaborative skills by working as part of a team;
- Improve fitness and mental wellbeing.

Placement Tests

Students are pre-tested online before the start of the course to ensure they are placed at the correct level and that they can start lessons from day one, to get the most out of their time with us. If students are not happy with their level and wish to change class, we can accommodate their request after discussing it with the teacher and student. We always try to split groups into different classes to mix nationalities, but this does depend on their levels and the numbers of students that we have on site.

We will provide all course materials including an exercise book and a pen.

Students are taught in class sizes up to 12.

Evening Entertainment

The UKLC team plan fantastic activities to make sure the students enjoy their evenings. For example: discos, quizzes, fashion shows, sports tournaments etc. We ask Group Leaders to encourage students to participate as much as possible and to communicate any special ideas or requests from students.

Here are a few brief descriptions of just some of our activities for students to join in on:

Around the World consists of a number of different stations based on activities from different countries. One team member will be placed at each activity station. They will each represent a country and have to create an activity related to that country (for example: New Zealand – The Haka). Students will be divided into groups and given a time for each station. Students will visit each station.

Oscars Night involves students watching a number of scenes from selected films. They will have the chance to re-enact a famous selected scene, creating their own script, which must be in English and costumes (out of various given equipment). Scenes will be shown on a big screen for everyone to watch. Awards will be given by UKLC team for the best reproduction.

Know me in five minutes enables students from mixed nationalities to socialise and get to know each other whilst improving their spoken English. Students will have a short period of time to have a conversation about their interests, hobbies, etc. Once the given time finishes, they will move to another student and begin the same process again.

Talent Show gives students the opportunity to show their talents such as singing, dancing and acting in front of the whole centre. Sign-up sheets will be available in the centre a few days before the event. There will be judges who will score the performances and give positive feedback to each student who performs during the evening.

We look forward to welcoming you to Wycombe Abbey in summer 2024!

FAQ

Wycombe Abbey FAQs	Answers

Can students join if they are 18 years old?	No, the programme is tailored for students between 12 and 17 years old
Can students join as part of a group with a teacher/group leader?	Yes, the programme works for both individual students and small groups with a Group Leader/teacher.
Can students choose more than one elective?	No, students choose one elective for the duration of the programme.
Do students get a course certificate at the end of their stay?	Yes, students will receive a British Council accredited certificate.
Do students get an academic report at the end of their stay?	Yes, students will receive a report with the CEFR Level.
Is homework given after class?	No homework is assigned after class by teachers.
Are evening activities compulsory?	Yes, there is a full evening entertainment programme with fun and exciting activities. As they are a central part of the students stay, it will be required of them to attend.
Do students have any free time for socialising?	Yes, during the breaks throughout the day and in the evening, at the end of the day, they will be able to socialize in their common rooms.
How much pocket money do students need to bring?	Students aren't required to bring pocket money, as everything is included for them during the stay. We suggest to have a credit/debit card if they would like to have some money to use during excursions. It is desirable to check the UK entrance requirements specific to the country the students are flying from, if they decide to bring cash with them. There will be a safe in the management office to store valuables, if needed.
What do students need to pack for this programme?	It would be ideal to have two weeks worth of clothing, including rain appropriate clothes, as the weather is unpredictable in the UK in the Summer, and sport attire for the afternoon activities. Laundry will be provided on site once a week and the students should bring their own towels.

Should students provide their own laptop/tablet for classes?	No, there is no need for laptops or tablets, it is probably best to not travel with them, but if they really want to have their personal devices for school projects, the safer option is travel with them in your carry-on bag.
Can students freely use the sports facilities?	No, the sports facilities can only be used at our allocated times. The programme is comprehensive of different activities and sports, and the students will have time during their stay to enjoy the beautiful facilities that Wycobe Abbey has to offer.
Can students share a room with a friend or sibling?	Yes, all the students will share a room, and during the booking process they will be able to express their preference on who they would like to share the room with.
Can students choose a specific sport during the sports activities?	No, there will be different sports every evening. Due to some capacity limitations for specific activities, there will be a preference check at the beginning of the students stay.
Are towels provided?	No, the students should arrive with their own towels.
Is bed linen provided?	Yes, bed linen is provided and is changed once a week, on Wednesday.
Can students use the kitchen and common rooms?	The students will not be able to use the kitchen. There are common rooms accessible to the students throughout their stay.
Do you cater for dietary requirements?	Wycombe Abbey is equipped to cater to all dietary requirements. During the booking process the students should let the team know about any specific requirements, they will be confirmed by the team on site at the beginning of the stay.
Is there a number parents can utilise to contact people on Campus, when is not an Emergency?	The Duty Phone Number will be given to parents closer to the starting date of the Programme.
Will phones be taken off students at night or during classes?	No, phones will be with the students at all times as they might need to use them during specific classes, and as the internet is firewalled and supervised, they can keep it during the night and utilise the phones as morning alarms.
If I have a pre existing Placement Test [PET, First, ...] do I need to take the UKLC placement Test?	Yes, we need you to take the placement test to make sure you are placed in the correct level and class. If you own a Certificate that shows your English level you can show it to your Course Director at the beginning of your stay at Wycombe Abbey.
