*Watching our students make friends with people from all over the world whilst building connections and developing understanding is the most rewarding part of what we do. In a world that can feel divided, using a common language builds bridges between us all. By being open to new learning experiences, it widens our students' perspective on the world. Language and learning are tools for life!*

# English Lessons

We know how important it is for each individual student to find their own path in language learning. We use a wide range of methods to engage and stimulate our students. This is why we have created a curriculum based on the students’ age, level and needs, structured into three different programmes:

## Fun (ages 8-11)

Engaging lessons that offer a wide range of material and activities specific for our young learners. It makes games into lessons and lessons into games.

## Connection (ages 11-14)

Dynamic lessons that include a variety of topics and media, especially designed to reflect the quick-paced interactive world our younger students are growing up in. Available in levels A1-C1.

## Action (ages 14-17)

Lessons specifically designed to engage our older students through more suitable tasks, topics and contemporary issues. Available in levels A1-C1.

The Connection and Action programmes consist of three different lessons a day:

### TBL (Task-Based Learning)

During these lessons students are encouraged to complete a task. New language is acquired and skills developed through the task as the students speak and work together.

### S&S (Skills and Systems)

These lessons aim to empower our students’ linguistic awareness and capabilities by working on all language skills (reading, writing, listening, speaking) and systems (grammar, phonology, lexis, discourse), as well as using materials relevant to exam preparation (KET, PET, FCE, CAE, TOEFL, IELTS, GESE).

### CLIL (Content and Language Integrated Learning)

These lessons merge CLIL and British Culture. Students learn about art, literature, and science, or about the history and the geography of the UK, while activating their linguistic knowledge.

## Placement Tests

We offer classes at all levels from Elementary to Advanced. Students take a placement on arrival to ensure they are placed at the correct level.\* We also offer a specific test for students with special needs.

## Examinations

We offer the option of taking the Trinity College London Graded Examination in Spoken English (GESE) on site for courses of 10 days or longer.\*\*

## Year-round Programmes

We can offer alternative, bespoke English language lessons for our ministay groups. We can deliver a range of English for Specific Purposes courses on request so please contact the team to discuss your group’s requirements.

# Welfare

As specialists in programmes for young people aged 8-17, the safeguarding of children is fundamental to the way UKLC views and ensures the well-being of its students. We have developed robust systems and processes for managing the welfare of children in our centres.

## Steps we take to ensure the welfare of students;

- All staff undergo appropriate background and safeguarding checks.
- A dedicated Safeguarding and Welfare Coordinator at every site during the summer. For year-round groups our Ministay Coordinators manage safeguarding and welfare support.
- All students are given an induction lesson highlighting the rules for their centre and all group leaders attend an induction meeting when they arrive which details their responsibilities.
- We work with group leaders to ensure their students have a safe and enjoyable stay, taking full responsibility for students when they are in lessons and on scheduled activities. We assist group leaders to ensure students' safety and care outside of scheduled activities and during excursions.
- UKLC staff are available 24 hours a day for any issue that may arise and there is a 24-hour emergency number for partners, parents and students.
- All students get a UKLC wristband and lanyard to be worn at all times.
- Our Operations and Safeguarding Handbook is distributed to all staff and is available to download on the website. Policies and procedures for welfare and safeguarding are available on our website and in our downloadable handbooks.

## Student Resilience and Wellbeing

Whilst the physical welfare and safety of our students has always been important, we believe that we need to focus on their mental welfare too. In recent years there has been a greater awareness of mental health in young people. An experience away from home, especially in current global climate, is an opportunity to strengthen that.

Along with sessions on General Safety and e-Safety, we have introduced a new session for every student. We dedicate lesson time to "Resilience and Well-being". It will help students to process the ever-changing world around them and their ability to adapt to it. We also offer them ideas and tools to manage their own well-being.

# Summer Schools

UKLC summer schools provide students with an unforgettable experience here in the UK. In London students get to experience the capital city with daily excursions as part of the London Explorer Programme. At our other centres the English Plus Programme enables students to tailor make their learning journey.

## Highlights

- Traditional boarding schools, colleges and modern university campuses
- Residence accommodation available (centre dependant)
- 1-4 weeks programmes available
- Multi-centre programmes available
- Historic, vibrant cities and charming towns
- All centres within 2 hours of a major international airport, ensuring easy access on arrival and departure

The activities here are so much fun. We have visited two museums, been on a boat ride and we went to a football stadium. I like visiting the city and walking around with my friends. I love playing sports at the school and going to the disco.
