Why UKLC?

- ★ Over 25 years of experience in the ELT market
- ★ Well-known junior course provider
- ★ Independent, owner-led company built on long running and trusted relationships
- ★ Experienced in creating and delivering specialist, short-term junior programmes
- ★ Knowledgeable and dedicated head office team with valuable on-site experience
- ★ We work exclusively with Educational Tour Operators

"Twenty-five years ago, UKLC began with around 150 students, two centres and me working from a bedroom at home. I could never have imagined what it would become. Since then, tens of thousands of young people have travelled with us, summer colleagues have built lasting careers, and agent relationships have grown into friendships spanning decades. Bootham School in York, one of our original centres, is even still part of our portfolio today.

Although much has changed, the things that matter most remain the same. This is a people and relationships business, built on the trust of parents, agents and partners. Every young person who joins us deserves to feel safe, welcomed and excited about the experience ahead.

As CEO of the group my role now extends across our wider family of education businesses, but UKLC is where the journey began. I remain deeply involved in its future and committed to listening, improving and giving our customers good reasons to keep choosing us.

Thank you to everyone who has helped build UKLC. I'm enormously grateful for our first 25 years and excited about what comes next."

Céline Aloé
CEO and founder of UKLC

"One of the best parts of my role as Managing Director is visiting our centres and speaking to our teams, students and partners. Their feedback gives us a clear view of what is working and where we can improve, and this has helped shape our programmes for 2027. We have expanded English Plus with new content, including AI & Digital workshops and STEM, while making the programme much more flexible. Rather than choosing one option for their whole stay, students can select the workshops that interest them at the centre, alongside an enhanced activity programme.

English Plus remains included at no additional cost. Students wanting more classroom time can also choose Intensive English, increasing their tuition from 15 to 21 hours per week without paying extra. This reflects something UKLC has always believed in: adding real value to the student experience while keeping our programmes straightforward for agents and families.

We're also delighted to introduce two new centres for 2027, in Cardiff with the addition of Cardiff Sixth Form College and with Plumpton College, near Brighton. As we enter our 26th year, my focus is ensuring our students and partners can genuinely feel the benefit of every change we make."

Karen Page

“

“Being a summer school teacher is really rewarding because you see the students grow in confidence so quickly. At the start, some are quite shy about speaking, but after a few days, they're joining in, sharing ideas and practising English naturally.”

English Lessons

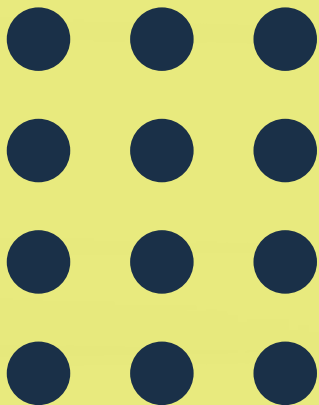

We know how important it is for each individual student to find their own path in language learning. We use a wide range of methods to engage and stimulate our students. This is why we have created a curriculum based on the students’ age, level and needs, structured into four different programmes:

Fun (ages 8-10)	Connection (ages 10-13)	Action (ages 13-16)	Purpose (ages 16-18)
Engaging lessons that offer a wide range of materials and activities specific for our young learners, making games into lessons and lessons into games. Available in levels A1-B1.	Dynamic lessons covering a variety of topics and media, designed to engage students using tools native to the fast-paced world they are growing up in. Available in levels A1-C1.	Lessons tailored for learners stepping into their teenage years. This programme focuses on activating students’ knowledge and competencies to balance developing a personal voice while contributing effectively to a team. Available in levels A1-C2.	Lessons tailored for our students approaching adulthood, designed to kickstart their lives not only as maturing youths but also as forward-thinking global citizens. Available in levels A1-C2

These ranges provide a reference point and are not absolute. Changes will be made when appropriate based on class sizes and student’s ages and abilities.

The Connection, Action and Purpose programmes consist of three different lessons a day:

Focus on Language	Focus on Leadership	Focus on Culture
These lessons aim to empower our students’ linguistic awareness and capabilities by working on all language skills (reading, writing, listening, speaking) and systems (grammar, phonology, lexis, discourse), as well as using materials relevant to exam preparation (KET, PET, FCE, CAE, TOEFL, IELTS, GESE).	This programme is designed to equip students with essential 21st-century skills, focusing on leadership development, communication and teamwork. Students build the confidence and competencies needed to grow into empowered young adults.	These lessons combine CLIL and British culture, allowing students to use English to explore a range of disciplines, including art, literature, natural sciences, as well as the history and geography of the UK.

Our English courses fully meet the requirements for FSL funding in Italy

Placement Tests	Examinations	Year-round Programmes	Summer School Programmes
We offer classes at all levels from Elementary to Advanced. Students take a placement test before starting to ensure they are placed at the correct level.* We also offer a specific test for students with special needs.	We offer the option of taking the Trinity College London Graded Examination in Spoken English (GESE) on site for courses of 10 days or longer.**	We can offer alternative, bespoke English language lessons for our ministay groups. We can deliver a range of English for Specific Purposes courses on request so please contact the team to discuss your group’s requirements.	Our summer programmes include 15 hours per week of English lessons. We also offer an intensive English option of 21 hours per week for students who want more lesson time in their programmes (non-London centres only).

Sample Academic Programme

Students who are on the Fun academic programme do a different structure of lessons designed especially for younger learners.
Students are taught in class sizes up to 16.

*Due to the variability of students’ test results, a single class may occasionally include students of slightly different levels.
**Minimum of 10 students across all groups required to source an examiner.

As specialists in programmes for young people aged 8-18, the safeguarding of children is fundamental to the way UKLC views and ensures the well-being of its students. We have developed robust systems and processes for managing the welfare of children in our centres.

Steps we take to ensure the welfare of students;

- All staff undergo appropriate background and safeguarding checks.
- A dedicated Safeguarding and Welfare Coordinator at every site during the summer. For year-round groups our Ministay Coordinators manage safeguarding and welfare support.
- All students are given an induction lesson highlighting the rules for their centre and all group leaders attend an induction meeting when they arrive which details their responsibilities.
- We work with group leaders to ensure their students have a safe and enjoyable stay, taking full responsibility for students when they are in lessons and on scheduled activities. We assist group leaders to ensure students' safety and care outside of scheduled activities and during excursions.
- UKLC staff are available 24 hours a day for any issue that may arise and there is a 24-hour emergency number for partners, parents and students.
- All students get a UKLC wristband and lanyard to be worn at all times.
- Our Operations and Safeguarding Handbook is distributed to all staff and is available to download on the website. Policies and procedures for welfare and safeguarding are available on our website and in our downloadable handbooks.

Summer Schools

UKLC summer schools offer students an unforgettable experience in the UK. At our centre in London students combine English lessons with daily excursions, giving them the opportunity to make the most of everything the capital has to offer. At our other centres, students enjoy a varied programme of English lessons, on-site activities, excursions and English Plus electives, allowing them to personalise their experience and spend more time doing the activities they enjoy.

Highlights

- Traditional boarding schools, colleges and modern university campuses
- Residence & homestay accommodation available (centre dependent)
- 1-4 week programmes available
- Multi-centre programmes available
- Historic, vibrant cities and charming towns
- All centres within 2 hours of a major international airport, ensuring easy access on arrival and departure

Queen Anne's School

The Centre

Queen Anne's School has a history which dates back to 1698. It is situated in a closed campus with 35 acres of extensive landscaped grounds, just north of the River Thames. The grounds combine traditional Victorian architecture with new and contemporary buildings to provide cutting-edge facilities, all of which are just a one and a half mile walk from the centre of Reading.

The Location

Reading is a large town in the Royal County of Berkshire. It has been important since medieval times, and the ruins of Reading Abbey, a monastery with strong royal connections, can still be visited. The town itself straddles the River Thames and benefits greatly from tourism due to its close proximity to the capital city.
